

PARTH SHAH

3D Generalist | Modeling • Rigging • Animation • Lighting

Los Angeles, CA | pshah89@depaul.edu | 872-325-5086 | [LinkedIn](#) | [ArtStation](#)

3D artist with hands-on production experience across modeling, texturing, rigging, and animation, taking projects from concept through final render. Background in professional motion graphics adds a strong eye for timing, composition, and visual storytelling. Currently pursuing an M.A. in 3D Animation at DePaul University.

EDUCATION

DePaul University

Chicago, IL

M.A. in 3D Animation Expected Nov 2026

Mumbai University

Mumbai, India

B.A. in Mass Media May 2022 | GPA: 9.02/10

PROJECTS

3D Animated Short Film Collaborative Production

- Collaborated within a 5-person team to produce a 3-minute, 25-second 3D animated short film from concept to final render.
- Contributed across modeling, rigging, texturing, lighting, and animation, plus set and prop design, within a full team-based production pipeline.

Arzi Character Animation

- Animated a run cycle, crouch, jump, and 3-hit attack combo in Maya with polished timing and weight.
- Exported and integrated animations into Unreal Engine, delivering game-ready assets.

Vampire Character - 3D Character Modeling

- Sculpted a stylized vampire character in ZBrush with high-resolution anatomical and costume detail; completed retopology and UV layout in Maya, and designed character clothing in Marvelous Designer for a production-ready final asset.

Vintage Alarm Clock & Hand Drill - Stylized Prop Project

- Modeled, UV-mapped, and textured a vintage alarm clock and hand drill in Maya and Substance Painter, building concept designs and color keys with wear-and-tear texturing; rendered in Redshift.

EXPERIENCE

Nutcracker Digital

Mumbai, India

Motion Graphics Designer Apr 2021 – Jan 2023

- Developed a uniform motion graphics style guide and mood boards, ensuring brand consistency and cutting asset rework by 10%.
- Collaborated closely with art directors, editors, and sound teams to deliver high-quality animations within tight production deadlines.

Unicorn Technos

Mumbai, India

Motion Graphics Designer Dec 2020 – Mar 2021

- Streamlined the graphic design workflow through illustration, drawing, and color keys, cutting asset creation time by 15% via reusable templates and standardized brand guidelines.
- Collaborated with the marketing team to maintain 80% brand consistency across all materials.

LEADERSHIP & ACTIVITIES

DePaul ACM SIGGRAPH Student Chapter

Chicago, IL

Vice President May 2025 – June 2026

- Spearheaded animation workshops, mentorships, and industry sessions, increasing student attendance by 30% through targeted outreach.
- Led weekly meetings, coordinating chapter activities and ensuring smooth operation of all events.

SKILLS

Technical: Modeling, Texturing, Rigging, Animation, Lighting, Compositing, Motion Graphics

Software: Maya, ZBrush, Substance Painter, Redshift, Blender, Marvelous Designer, Unreal Engine, After Effects, Photoshop
